Safety Instructions:

- Only use the tool for its intended purpose to avoid injury and damage.
- Before use, make sure that the key is in good condition and free from damage.
- Select the correct handle or screw size to prevent slipping and possible injury.
- Wear suitable protective equipment when working with the tool, including safety goggles and gloves, to avoid injury.
- Avoid using excessive force to prevent damage to the tool and the screw connection.
- Keep the tool away from children to avoid accidents.
- Store the tool in a dry place to prevent rust from forming.
- Keep the work area clean and free of obstacles to avoid accidents.
- To avoid risks, do not use the tool on live appliances or live parts.
- The tool is only safe for use by adults.
- Read the safety instructions carefully to ensure that the product is used safely and correctly.
- Make sure that the spanner is correctly positioned on the screw head to prevent it from slipping.
