Safety Instructions:

- The crimping pliers are sharp and should only be used with care. Sharp edges and tips can cause injuries.
- Not suitable for children under 14 years of age. Keep the pliers out of the reach of children to prevent injury.
- Only use the pliers for their intended purpose (cable cutting, stripping and crimping) to avoid injury or damage.
- Wear suitable protective equipment (e.g. gloves and safety goggles) during use to protect yourself from injuries caused by flying particles and other hazards.
- Keep fingers and other body parts away from the cutting edges.
- Before use, check that the pliers are in perfect condition and free from damage.
- Ensure that the pliers are correctly adjusted to avoid injury.
- Disconnect the pliers from the power supply before carrying out repairs or maintenance work.
- Make sure that the pliers are suitable for the respective wire type.
