Safety Instructions:

- Only use the cable cutter for the intended cable types (copper and aluminium cables).
- Keep the cable cutter out of the reach of children. Not suitable for children.
- Use safety goggles to protect your eyes from possible splinters.
- Make sure that the cutting edges are sharp to ensure effective and safe cutting.
- Avoid contact with electrical cables during use to prevent electric shocks.
- Secure the workpiece before cutting to prevent movement and injury.
- Follow the operating instructions and the manufacturer's safety instructions.
- Wear hearing protection, as the tool can generate noise during use.
- Caution: Sharp blades can cause injuries.
- Ensure that the tool is fully operational and undamaged.
