Safety Instructions:

- Please ensure correct use to avoid injury.
- Not suitable for children under 14 years of age.
- Use of protective gloves is recommended to avoid injury to hands.
- Take care when handling as there may be sharp edges.
- Do not use the product in hot or humid environments to avoid rust formation.
- Risk of suffocation due to improper use.
- Not suitable for children under 3 years as there are small parts.
- Safety information on the packaging or in the manual.
- Caution: There is a risk of injury from the forged jaws if handled incorrectly.
- The pliers are intended for use by adults. Keep out of the reach of children.
- The jaws must be cleaned of oil or other substances before use.
- Not suitable for use on live electrical components to avoid risk of electric shock.
- Regular inspection for damage and wear is recommended to minimise safety risks.
- Observe the material properties: Pliers are made of chrome vanadium electric steel.
- Ensure that the pliers are not energised before using them.
- Read the operating instructions carefully before use.
- Ensure that the quick adjustment mechanism functions correctly to avoid injury.
- Wear safety goggles to prevent eye injuries during work.
- Take care when working with the pliers to avoid injury from crushing.
- Do not overload the pliers to avoid damage.
