Safety Instructions:

- Only use the tool for its intended purpose and in accordance with the operating instructions.
- Ensure that the tool is in perfect condition before use; do not use if damaged.
- Keep the tool out of the reach of children, not suitable for children under 3 years of age.
- Wear suitable protective equipment such as gloves and safety goggles during use.
- Keep a safe distance from moving parts to avoid crushing injuries.
- Before use, ensure that the tool is correctly and securely fastened.
- Carry out regular checks for wear and damage.
- Observe the specified torque range for torque tools.
- Do not use if faulty, but dispose of or replace immediately.
- Protect from direct sunlight and extreme temperatures.
- Only use the tool in dry conditions.
- Secure the workpiece to prevent movement during use.
- Carefully read and follow the manufacturer's safety instructions before use.
- Keep the work area clean and free of obstacles to avoid accidents.
- Do not overload to avoid breakage or damage.
