Safety Instructions:

- VDE-insulated up to 1000 V to avoid the risk of electric shock. Do not use near water and avoid contact with live parts.
- For use by qualified specialists to avoid improper handling. VDE-insulated pliers may only be used by qualified personnel.
- Not suitable for children under 3 years of age due to risk of injury.
- Check the pliers regularly for damage; do not use damaged pliers. Ensure that there are no electrical hazards before use.
- The integrated fastening eyelet should be used for fall protection measures.
- Only use the pliers for their intended purpose to avoid injury or damage. Do not leave wire ends or cables under tension when cutting cables.
