Safety Instructions:

- Include safety information and instructions for use to ensure safe use.
- There is a risk of injury if handled incorrectly. Read and keep the instructions for use.
- Wear suitable personal protective equipment, such as gloves and safety goggles, during use.
- Keep out of reach of children; not suitable for children under 3 years due to small parts that can be swallowed.
- Risk of injury due to improper use, e.g. slipping. Only use the product for its intended purpose.
- Check for cracks or damage before use. Discontinue use in the event of damage.
- Do not use near water to avoid electrical hazards.
- Keep small parts and the socket spanner insert away from children to prevent the risk of choking.
- Only for use with a suitable drive. Ensure that the socket is correctly fitted.
- Do not exert excessive pressure on the tool to prevent damage and injuries caused by torque amplification.
- Disposal in accordance with local/national regulations for metal products.
- The work area should be clean and well lit to avoid accidents.
- Only use the tool on suitable materials. Not for excessive forces or incorrect accessories.
- Avoid contact with electrical components to prevent electric shocks.
