Safety Instructions:

- Only use the product for its intended purpose to avoid operating errors.
- Make sure that the handle is in good condition to ensure a secure grip.
- Make sure that the tool is always dry and clean to avoid slipping.
- Keep the hexagon socket spanner away from children to prevent accidents.
- Product is VDE insulated in accordance with IEC 60900 to minimise the risk of electric shock.
- Risk of electric shock and damage due to improper use of the insulated tool.
- SoftFinish® multi-component handle provides a better grip and reduces the risk of slipping during use.
- Excessive turning can cause damage to the tool.
- Regular safety checks before use are recommended to detect possible defects.
- Risk of suffocation due to sharp edges on the tool.
- Do not use the key if it is damaged.
