Safety Instructions:

- Always wear suitable protective equipment before use, especially safety goggles and gloves.
- Position the product securely and stably on a flat surface to prevent it from slipping during cutting.
- Make sure that no body parts come close to the cutting area to avoid injury.
- Use only for the intended purpose, do not cut materials other than VA and carbon steel.
- When using outdoors, ensure that the weather is dry to avoid the risk of slipping.
- Check the area of application of the product before use.
- Keep the product away from children to avoid risks associated with improper use.
- Read the operating instructions carefully before use.
