### Safety Instructions:

- Only use the crimping tool for its intended purpose and in the manner intended by the manufacturer.
- Wear appropriate protective equipment, such as safety goggles and protective gloves, to avoid injury.
- Keep hands away from the work area and do not apply excessive pressure to avoid crushing and injury.
- Check the crimping pliers regularly for wear or damage and do not use them if they are damaged.
- Keep the tool out of the reach of children, not suitable for children under 12 years of age.
- Before use, make sure that the pliers are suitable for the desired area of application.
- The tool should be stored in a safe place, such as in the original packaging, to prevent damage.
- Observe the safety and operating instructions for safe handling.
- The pliers are designed as hand tools, no electrical use permitted.
- Ensure that the crimp connections are securely crimped in accordance with the specific instructions.
