Safety Instructions:

- Improper use may result in injury due to slipping or careless handling. Only use the product for its intended purpose.
- Always wear suitable personal protective equipment such as safety goggles and gloves during use to avoid injury.
- The product may only be used with authorised tools to prevent damage. Suitable for pneumatic and electric impact wrenches, therefore ensure that these are used correctly.
- Not intended for use by persons under the age of 18. The product is not suitable for children and should be kept away from them; smaller parts could pose a choking hazard.
- Ensure that the product is checked for damage before use. Do not use it if there is any visible damage.
- Keep the product away from water and other liquids to avoid electric shocks. Not intended for damp or wet conditions.
- Follow the instructions for safe use and care of the product. Observe all warnings on the appliance and the instructions for use.
- Do not use under extreme conditions as this may impair safety and functionality.
- Materials used may cause allergies; wash off immediately in case of skin contact.
- The work area should be kept clean and tidy to avoid accidents. Keep the area clear of other people, especially children.
- The product may only be used by skilled or trained persons in order to minimise the risk of injury.
