Safety Instructions:

- Take care when using in hard-to-reach areas to avoid injury.
- Do not use near electrical cables to minimise the risk of electric shock.
- Only carry out cutting operations with the intended wire cutting grease; overloading can lead to tool failure.
- Ensure that the tool is not damaged before using it to avoid injury.
- Comply with existing safety procedures to reduce the risk of accidents during use.
- Use with caution to avoid injury from improper use.
- Wear protective gloves to prevent injury to hands.
- Do not use the pliers near power sources to avoid the risk of electric shock.
- Ensure that the pliers are only used for their intended purpose.
- Keep the product out of the reach of children.
