### Safety Instructions:

- The product should be kept out of the reach of children to prevent improper use.
- Only use the product as intended to avoid the risk of injury due to improper use.
- The use of suitable protective equipment such as gloves and safety goggles is recommended to prevent injuries.
- Check the tool for damage before each use to avoid injury.
- Do not use near hot surfaces, open flames, wet and damp areas to avoid risk of fire or electric shock.
- Regularly check the condition of the tool to ensure that there is no excessive wear or damage.
- Ensure that the tool is seated correctly to prevent slipping and damage.
- Avoid using excessive force when working with the spanner to prevent breakage.
- Read and observe the operating instructions before first use.
- The product is not suitable for children under the age of 12 as it may present a choking hazard due to small parts.
- Store the tool in a dry place to prevent corrosion.
- Not suitable for use by children to avoid risk of injury due to improper use.
