Safety Instructions:

- Wear suitable protective equipment, such as gloves and safety goggles, to avoid injury.
- The key may only be used for the intended purpose and applications to prevent material damage or injury.
- Regularly check the condition of the key for damage or wear and do not use a damaged key to avoid accidents.
- The product should be kept out of the reach of children to prevent injury.
- Avoid excessive force and do not use the tool beyond the recommended torque to prevent breakage or deformation.
- Secure the work surface and use the spanner on stable surfaces to prevent accidents.
- Only adults or competent persons should use the tool.
- Do not use the product if there are visible defects or material fatigue.
- Maintain and service the key in accordance with the manufacturer's instructions to ensure performance.
- Do not use on electrical components to avoid the risk of electric shock.
