Safety Instructions:

- Improper use may result in injury. Use only for the intended purpose.
- Max. Do not exceed the maximum load capacity of the tool to avoid material failure.
- Keep the product out of the reach of children. Not suitable for children.
- Before use, ensure that the spanner or tool is in perfect condition to avoid injury.
- Use suitable protective equipment such as gloves and safety goggles to prevent injuries from sharp edges or flying parts.
- Do not use on live parts or near electrical sources.
- Store the product in a dry, safe and cool area to prevent rusting and damage.
- Do not use under extreme conditions (such as wetness or frost).
- Keep the work area tidy and free of obstacles to avoid accidents.
- Not suitable for children under 3 years of age in order to minimise the risk of injury.
- May only be used by adults or under adult supervision.
- Provide safety information in a comprehensible form and observe safety requirements.
