Article Numbers: 717328, 717327, 717325, 717324, 717323, 717322

Safety Instructions:

- Not suitable for children under 3 years of age due to small parts and choking hazard.
- Please follow the manufacturer's safety instructions and instructions for use in easy-to-understand language.
- Ensure safe handling to prevent injuries due to improper use.
- Only use for the intended purpose with suitable tools and do not use excessive force to prevent breakage or crushing.
- Wear safety goggles and protective gloves to avoid eye injuries.
- The spanner is not suitable as an impact tool and should be protected from excessive force to prevent breakage.
- Ensure safe handling and storage to avoid injury and prevent corrosion.
- The adjustable spanner is intended for use by adults and children should be kept away to avoid the risk of injury.
- Only use the adjustable spanner for the intended applications to ensure safety and efficiency.
- Check the key regularly for damage and do not use it if there are any signs of damage.
- Keep the tool out of the reach of children and inattentive persons.
