Article Numbers: 713485, 713483, 713482, 713481, 713480, 713479, 713478, 713476

Safety Instructions:

- Wear safety goggles and suitable personal protective equipment (e.g. gloves) when using the hammer to avoid injury from flying parts.
- Only use the hammer on stable and non-slippery surfaces to prevent it from tipping over or causing injury.
- The hammer is not suitable for children under the age of 14. Only use the tool under adult supervision or keep it away from children.
- Before use, check the condition of the hammer for cracks, damage and especially the fit of the head and the tightness of the wedge screw to avoid safety risks.
- Only use the hammer for its intended purpose and only strike suitable materials to avoid injury.
- Avoid using the hammer near electricity or in hazardous conditions to avoid jeopardising safety.
- The hammer has a weight of 2000g; people with little physical strength should take particular care.
- Keep the tool out of the reach of children and handle it safely to minimise the risk of injury.
- Keep the work area free of obstacles to avoid accidents.
- Do not use the hammer as a crowbar and make sure that the hammer head cannot spring off.
