Safety Instructions:

- Handle with care to avoid damage and to prevent breaks or cracks caused by excessive pressure.
- Keep away from children. Not suitable for children under 3 years of age as small parts can be swallowed and there is a choking hazard due to loose parts.
- Wear suitable protective equipment when using in conjunction with tools or machines.
- To ensure safety and functionality, check regularly for damage.
- Do not overheat the product or use in direct flame to avoid safety risks.
- Caution with improper handling: Risk of injury, especially in the vicinity of electrical installations.
- Take particular care when using in damp environments and in the vicinity of electricity to ensure electrical safety.
- Before use, ensure that all safety-related instructions are followed.
- The product is intended for assembly and repair work in the automotive/vehicle sector. Improper use may result in injury.
