Safety Instructions:

- Use only in the intended area of application.
- Read the instructions carefully before use.
- Use suitable personal protective equipment (e.g. safety goggles, gloves).
- Keep a safe distance from other people and ensure that no one is standing in the immediate danger zone.
- Take care when using on slippery surfaces.
- Do not use with destroyed or damaged parts.
- The product should be kept out of the reach of children.
- Check the nylon impact heads regularly for wear and replace them if necessary so as not to impair the impact effect.
