Article Numbers: 713611, 713610, 713609, 713608, 713607

Safety Instructions:

- Caution: sharp edges during assembly and use.
- Protection required at sub-zero temperatures, as material softening may occur.
- Store carefully to avoid damage at sub-zero temperatures.
- Avoid direct sunlight to prevent material deterioration.
- Wear suitable protective equipment (e.g. gloves, safety goggles) during use.
- Not suitable for children under 3 years of age due to small parts and choking hazard.
- Protect the product from mechanical stress to prevent breakage.
- Suitable for use in temperatures down to -10°C to avoid material failure.
- Ensure that the product is not damaged by extreme temperatures to avoid injury.
- Not suitable for applications that go beyond the specified areas of application.
- Use with caution to avoid injury from improper use.
- Check the product regularly for wear and damage to ensure maximum safety.
- When handling these products, suitable protective measures must be taken to avoid skin and eye contact.
- Use oil and grease-resistant materials to avoid the risk of slipping.
- Ensure the availability of detailed instructions for use written in a language that consumers can understand.
