Safety Instructions:

- Read the installation and operating instructions carefully before use.
- Do not use the impact head against solid objects to avoid breakage and injury.
- Ensure that all parts, including the clamping housings, are correctly fitted and secured to prevent accidents.
- Only use the hammer and product for the specified areas of application (furniture construction, window/door construction, joinery).
- Wear suitable protective equipment, in particular safety goggles and gloves, when using the product.
- Keep the product out of the reach of children and ensure that children do not play with the product or put it in their mouths.
- Keep the product away from moisture and extreme temperatures; avoid contact with water to minimise the risk of electric shock.
- Use only with the intended impact inserts.
- Do not use or modify the product improperly and note that improper use poses a risk of injury.
- Ensure that the place of use is well lit.
- The product complies with the safety requirements of the General Product Safety Regulation.
- Instructions for safe use and maintenance must be followed in order to minimise risks.
