Safety Instructions:

- The appliance is pressurised (5-7 bar).
- Use a protective device to prevent mandrels from flying out.
- Only use for blind rivets up to 6.4 mm Ø.
- Ensure that the mandrel collection container is fitted correctly.
- Check for leaks before commissioning.
- Choking hazard due to improper handling of small parts.
- Increased risk of injury due to moving parts.
- Danger of compressed air if used improperly.
- Wear safety goggles to prevent eye injuries.
