### Safety Instructions:

- Use the tool only for its intended purpose and in accordance with the manufacturer's instructions to avoid injury or damage.
- Ensure that all parts, including blades and cross handle, are sharp and undamaged to avoid injury or tool failure.
- Wear protective equipment, such as safety goggles and protective gloves, to avoid injury.
- Keep the product out of the reach of children and do not allow children under the age of 14 to use it to avoid injury.
- Before use, ensure that the environment is free of hazards and do not use the tool in damp environments to avoid electric shocks or corrosion.
- Check the product regularly for damage and stop using it if it is damaged and contact the manufacturer.
- Choking hazard due to small parts, not suitable for children under 3 years.
- When using the product, read the instructions for use regularly and do not leave the product unattended, especially near children.
- Protect the product from heat and direct sunlight to prolong its service life.
- Do not work with excessive force to avoid tool failure.
