Safety Instructions:

- There is a risk of injury if used incorrectly.
- Products should be kept away from children to avoid accidents.
- Use in accordance with the product instructions is recommended to ensure safety.
- Ensure that the blades are in good condition and are not damaged, as this can impair safety.
- The product must not be used in conjunction with live parts.
- Safety information and instructions for use should be provided in understandable language.
- To avoid damage, do not use the screwdriver for purposes other than those for which it is intended.
- Wear suitable protective clothing, goggles and gloves to avoid injury.
- Avoid contact with water or moisture and store the tool in a dry place to prevent corrosion.
- Not suitable for children under 3 years of age as it may contain small parts and there is a choking hazard.
- Ensure that all users are informed about the correct use to avoid the risk of injury.
- Avoid contact with food during use.
