Safety Instructions:

- Caution: Sharp edges and points, risk of injury when handling the tool.
- Not suitable for children under 3 years, danger of swallowing small parts.
- Not suitable for children as there is a risk of injury and the product should be kept out of the reach of children.
- The tool could rust or be damaged if stored improperly; clean and store after use.
- Avoid contact with chemicals that can damage the filler materials.
- Wear suitable protective equipment during use to prevent injuries (e.g. gloves, safety goggles).
- Use only for its intended purpose to avoid injury.
- In the event of damage, do not use and dispose of appropriately.
- Check for safe operation before first use.
- Take care with improper handling, as sharp edges can cause injuries.
- Risk of shearing due to the sharp edges of the blade, please wear gloves when using to avoid cuts.
- Do not use the product in damp conditions to avoid the risk of slipping and only use the spatula on firm and stable surfaces.
