Safety Instructions:

- Beware of crushing hazard when closing the vice.
- Wear suitable protective equipment such as gloves and safety goggles.
- Ensure that the vice is properly and stably attached to the workbench to prevent it from tipping over or slipping.
- Do not overload; do not exceed the maximum clamping force.
- Regularly check for mechanical damage or wear and tear.
- Take care when handling heavy objects to avoid injury.
- Ensure safe assembly and use of the vice in accordance with the instructions provided.
- Should only be used by qualified persons, training recommended.
- Ensure stable workbench assembly and check all screws regularly for tightness.
- Keep the working area around the vice free of obstacles.
