Safety Instructions:

- Risk of injury due to improper use: Ensure that the clamping jaws are correctly and securely mounted.
- Provide product safety information and instructions clearly and comprehensibly. Read and observe the operating instructions before use.
- Safety hazard when handling the spindle: Take care when handling the vice to avoid crushing or jamming.
- Use protective gloves and safety goggles to avoid injuries when working on workpieces.
- Keep hands, face and clothing away from moving parts.
- Mount the vice mount securely to prevent it from slipping during use.
- Do not make any modifications to the device yourself.
- Check the vice regularly for wear and damage to ensure safety.
- Take care when lifting heavy workpieces.
- Only use additional jaws and workpieces in accordance with the instructions.
- Only use the vice for its intended purpose and within the maximum clamping width.
- Limited supervision required when used by children.
