Safety Instructions:

- Keep hands and other parts of the body away from joints and moving parts while the tool is in operation to avoid injury.
- Only use the vice for its intended purpose to prevent injury or damage.
- The jaws are sharp. Be careful when attaching or removing workpieces.
- Do not allow children to use or play near the product.
- Keep the vice clean and free of oil and lubricants to ensure safe operation.
- The vice should always be used on a stable, level surface to prevent it from tipping over.
- Only use the vice with the intended jaws.
- Safety instructions and instructions for safe use must accompany the product.
- The use of protective gloves is recommended to avoid injury.
- The weight of the vice is 9kg, make sure that the base is suitable for this.
