Safety Instructions:

- Ensure that the edge clamp is correctly fitted before use.
- Avoid using the clamp on unfavourable or unstable materials to prevent slipping.
- Take care when using to avoid crushing.
- The use of protective gloves is recommended to avoid injury.
- Do not use for load-bearing applications unless permitted by the manufacturer's specifications.
- Check the product for damage and defects before use.
- There is a risk of injury if the appliance is not used as intended.
- Do not overload; observe the maximum rail thickness of 13 mm.
- Keep the product out of the reach of children.
