Please note the technical data of the products!

Article Numbers: 720112, 720110, 720109, 720108, 720107

Safety Instructions:

- Not suitable for children under 12 years of age.
- Not suitable for children under 14 years of age. Observe the safety instructions for children.
- Risk of suffocation due to improper use or high loads.
- The product can break and cause injury if overloaded. Take care not to overload the clamp to avoid material stresses and possible breakage.
- Risk of injury due to improper use, inadequate handling or improper use.
- The product should be used in accordance with the enclosed instructions. The one-handed clamp should be used in accordance with the operating instructions to avoid injury. Use without the correct operating instructions can lead to accidents.
- Observe the safety information for use and maintenance on the packaging.
- Caution: High clamping force up to 2000 N, improper use can cause injuries. If used incorrectly, the clamping force of up to 2000 N can cause injury.
- Check the functionality of the release mechanism before use.
- Wear safety goggles and gloves to prevent injuries from falling objects or mechanical stress.
- Keep children away from the clamp to avoid the risk of injury. Keep children and pets away during use to avoid injury.
- Regularly check the condition of the clamp, especially for cracks or other damage.
- Take care when heating, as the clamping force can be significantly increased.
- Only use the clamp in a horizontal position to minimise the risk of falling or tipping over.
