Article Number: 720142

Safety Instructions:

- Ensure that the surface clamp is used on a stable and level surface to prevent it from tipping or slipping.
- Avoid actuating the surface clamp with excessive force to prevent material damage or breakage of the clamping tool.
- Keep the clamping area clean and free of deposits to ensure a uniform clamping force.
- Ensure that the clamping surfaces are positioned correctly in order to clamp the workpiece evenly and prevent damage.
- Protect your hands and other parts of your body from becoming trapped between the clamping surfaces and the workpiece.
