Please note the technical data of the products!

Article Numbers: 720154, 720152

Safety Instructions:

- Caution: High clamping force of 5000 N - risk of crushing or injury if handled incorrectly.
- Use one-hand operation in accordance with the instructions to avoid injury; do not leave the clamping lever unattended as there is a risk of it snapping when the tension is released.
- Attach protective caps to avoid contact with the moving pressure plate area.
- Suitable for tensioning soft or elastic materials; note the material properties.
- Not suitable for extreme temperatures or aggressive chemicals.
- Do not use near children - product contains no small parts but could be dangerous if used incorrectly.
- Before use, ensure that the workpiece is inserted correctly - incorrect clamping can lead to injuries.
