Safety Instructions:

- Observe the maximum clamping force of 5000 N. Do not exceed this to avoid mechanical injuries.
- Remove the clamp from other materials immediately when no longer required.
- High force of the clamp can lead to injuries. Wear suitable protective gloves to avoid injury from sharp edges.
- Avoid use in unsafe conditions. Keep the work area free of obstacles.
- Observe and protect any sharp edges on the product.
- Do not overload the product. Use on a stable surface.
- Keep product away from children. Not suitable for use by children.
- Improper handling can lead to injury or damage. Use protective devices.
- Keep hands away from the clamping surface to avoid pressure injuries.
- Use an ergonomically designed wooden handle, but be aware of the risk of slipping in wet conditions.
- Check voltage before use and ensure correct installation.
- Read the product instructions carefully before use.
