Article Numbers: 720231, 720230, 720229, 720228, 720227, 720226, 720225, 720224

Safety Instructions:

- Caution: High clamping force up to 2750 N. Risk of injury if used incorrectly. Ensure that the clamping mechanism is correctly and stably adjusted to prevent accidents. Risk of being trapped due to excessive clamping force. Keep hands and body parts away from the moving parts.
- The product is not suitable for children under 12 years of age. Choking hazard due to small parts, especially if handled incorrectly.
- Please ensure that the clamping device is not overloaded. Avoid pressure injuries and damage.
- Contact with extreme temperatures can damage the material and cause it to fail. Do not use if the product is damaged or defective. Regularly check the condition of the clamp for cracks or wear.
- The product must always be used on a stable and firm surface to prevent it from slipping.
- Only use the clamp for its intended purpose to avoid damage or injury. Suitable for the intended application: Use only for the applications described in the instructions. Store in a safe place after use.
- Wear safety goggles: Wear safety goggles during use to avoid eye injuries. Use suitable protective equipment, such as gloves.
- Ensure correct handling: Before use, ensure that all parts are properly assembled. Follow the safety instructions for correct use and storage.
- Private use: This tool should only be used by trained personnel. Safety information must be provided in a language that is easy to understand.
