Safety Instructions:

- Caution: Sharp blades and edges, wear gloves and safety goggles to avoid injury.
- Keep the tool away from children, as it is not suitable for use by children and poses a risk of suffocation and injury.
- Always wear protective equipment (e.g. gloves, safety goggles) to prevent eye and hand injuries.
- Only use the tool for its intended purpose in accordance with the manufacturer's instructions and safety precautions to avoid accidents.
- Ensure that the drill bit is firmly anchored in the tool to prevent it from slipping or breaking off.
- Avoid using tools under the influence of alcohol or drugs to minimise the risk of injury.
- Check the tool for damage or wear before use to ensure safety.
- Ensure that the work area is well lit and free of obstacles to avoid accidents.
- Avoid use in damp environments to minimise the risk of electric shock.
- Read and understand the operating instructions before use.
- In the event of overheating or blockage, stop operation immediately and check.
