Safety Instructions:

- Ensure safe use in accordance with the manufacturer's instructions and read the operating instructions carefully.
- Always use suitable personal protective equipment such as safety goggles and gloves to avoid eye injuries and cuts.
- Take care to avoid injury from sharp edges and points.
- Keep the product out of the reach of children, especially due to the risk of choking on small parts. Not suitable for children under 3 years of age.
- Only use the product for its intended purpose and not as a toy.
- Ensure that the drill bit is securely clamped in the drill chuck and is used in good condition to avoid accidents.
- Avoid excessive pressure and do not operate the drill beyond the maximum speed to prevent material damage.
- Do not expose the drill to moisture and use it in a well-ventilated area.
- Do not drill into materials that could be explosive or flammable.
- Keep your hands and body away from the work surface and the rotating drill bit to avoid injury.
- Check the drill bit for damage or wear before use and replace it if necessary.
