Article Numbers: 725035, 725033, 725032, 725031, 725029, 725028, 725026, 725025

Safety Instructions:

- Wear appropriate personal protective equipment, including safety goggles, hearing protection and gloves.
- Avoid physical contact with the drill tip and the drilling site.
- Keep the appliance and tools out of the reach of children and unauthorised persons.
- Maximum load: do not use under excessive tensile load.
- Only use drill bits with suitable accessories and drilling equipment.
- Only intended for use on materials such as concrete and masonry, not for other applications.
- Do not use near flammable materials or in dense/dusty environments.
- Read the safety instructions and operating instructions before use.
- Regularly check the integrity of the tool and the electrical parts.
- Avoid excessive pressure to minimise the risk of breakage.
- If the tool is defective, stop using it immediately.
- Choose a stable surface to prevent slipping.
- Avoid inhaling dust, risk of suffocation from dust and small parts.
- Only use the appliance in conjunction with suitable machines to avoid electric shocks.
- Suitable for professional use, not suitable for children.
- Ensure that the drill is mounted correctly to avoid injury.
