Article Numbers: 725427, 725426, 725425, 725424

Safety Instructions:

- Make sure that the toolbox is not overloaded with sharp or pointed tools.
- Only use the toolbox for its intended purpose. The tool case should only be used for its intended purpose.
- Keep the toolbox out of the reach of children to prevent injury from improper use. Ensure that children do not play with the case unsupervised. For adult use only. Keep away from children. Not suitable for children due to small parts and potential choking hazard.
- Ensure that the case is secured during transport to prevent it from slipping or falling. The use of castors and a carrying strap is recommended to prevent injuries during transport. Only use the carrying handle for transport, not as a climbing aid.
- Regularly check the case's fastenings and locks for damage or wear. Before use, check that all parts are intact and secure.
- Improper use may result in damage due to overloading. In the event of injury or damage, contact the manufacturer immediately.
- Do not exceed the maximum load of 40 kg. Avoid overloading the case beyond the maximum load capacity of 30 kg. Ensure that the case is not overloaded (max. load capacity 30 kg).
- Keep the case dry to prevent material deterioration.
- Avoid shocks and extreme temperatures to maintain product integrity.
- Include safety instructions and instructions for use to ensure correct handling.
