Safety Instructions:

- Attention: The cable reel is only suitable for the intended outdoor use.
- Use only with authorised devices and in compliance with the specified instructions for use.
- There is a risk of suffocation if the socket outlets with earthing contact are handled incorrectly.
- Avoid moisture and wetness to minimise the risk of electric shock.
- Regular inspection for damage and signs of wear.
- In the event of overheating or sparks, disconnect the power supply immediately.
- Follow the visible safety instructions and instructions for use.
