Article Numbers: 726114, 726113, 726111, 726110, 726109

Safety Instructions:

- Before connecting to the mains, ensure that the voltage and frequency are correct; beware of electric shocks when connecting.
- Product not suitable for direct contact with water. Avoid contact with water to prevent short circuits and other hazards. Do not plug in or operate with wet hands.
- The product is not suitable for children under the age of 14 without supervision. Supervision is required when used by children.
- Regularly check the insulation, cables and plugs for visible damage.
- Ensure that the connecting cable is not overloaded to prevent overheating.
- Be aware of the risk of suffocation due to improper handling of cables, wire end ferrules and stripped wires.
- Risk of electric shock due to improper handling of the electrical appliance, damage to the insulation or cables.
- Not suitable for children under 3 years due to small parts.
- Suitable for home use, not for professional applications.
- Do not kink the cable or pull it over sharp edges.
- Ensure that the instructions for use are enclosed in an understandable language.
