Article Numbers: 726163, 726162, 726159, 726158, 726157

Safety Instructions:

- Risk of suffocation due to improper use due to the flexible plastic parts.
- Risk of electric shock due to improper connection or handling of electrical components.
- The product is not suitable for use by children. Keep it away from children as small parts may be present.
- Do not use under water or expose to moisture as this may affect safety. Only use the product in dry, splash-proof environments. Outdoor use is only permitted in dry weather conditions.
- Safety note: Before use, check the connection and ensure that the housing is undamaged.
- Installation and maintenance may only be carried out by qualified specialists.
- Ensure that the adapter is only used for the specified voltages and currents. Before use, ensure that the adapter is used with the correct voltage and amperage.
- In the event of damage or signs of excessive heat, stop using the adapter and contact the manufacturer. Check the connection cables for damage before use.
- Only use suitable fuses in accordance with the stated specifications. Only use with suitable protective devices (e.g. fuses).
- Ensure that the product is properly installed before use.
- There is a risk of electric shock if used incorrectly.
