Please note the technical data of the products!

Article Numbers: 726250, 726249, 726248, 726247, 726246, 726245, 726243

Safety Instructions:

- Keep the torch away from children to avoid the risk of choking on small parts and electric shock.
- Do not immerse in water or use in a damp environment as this may result in electric shock or damage.
- Do not use the torch in wet conditions or near liquids to avoid electrical accidents.
- Do not throw rechargeable batteries/batteries into fire or expose them to temperatures above 60°C; only use the intended Li-ion battery to avoid overheating or fire damage.
- Wear suitable protective equipment during use and avoid direct contact with the light beam to prevent eye damage.
- Ensure that the battery is properly installed to prevent overheating and observe the permissible operating temperatures.
- Dispose of the torch and batteries in accordance with local regulations; batteries are not rechargeable and only use recommended sizes (2x AAAA).
- Use by adults only; do not disassemble or modify to avoid safety risks.
- Keep the torch away from heat sources to avoid overheating.
- Avoid visual contact with the light beam to prevent eye damage.
- Only use the torch for its intended purpose and in accordance with the instructions in the manual.
