Safety Instructions:

- For safe use, ensure that the tool insert does not get into the hands of children to avoid injury.
- Ensure that the tool insert is only used for the intended applications to prevent overlapping with damaged or unsuitable components.
- When using the socket spanner, ensure correct handling and the quickest possible readjustment of the tool in the event of resistance in order to minimise the risk of injury.
- Check the tool insert regularly for wear or damage and replace if necessary to ensure safe handling.
