Safety Instructions:

- Always wear suitable protective equipment, including safety goggles, ear defenders and gloves, to prevent eye, ear and skin injuries.
- Ensure suitable ventilation to prevent inhalation of drilling dust; only use the appliance in well-ventilated areas.
- Always fasten the drill bit correctly and securely in the SDS-Max holder to prevent it from slipping and mount it correctly.
- Product should only be used by trained personnel and kept in good condition; check functionality regularly.
- Store the product out of the reach of children; not suitable for children under 14 years of age.
- Use the product only for its intended purpose to avoid malfunction or injury.
- Keep the work area clean and tidy to avoid tripping hazards.
- Do not work near water or electrical lines and protect electrical connections in damp conditions.
- Do not drill directly into damp materials to avoid the risk of electric shock.
- Do not use on or near flammable materials to avoid the risk of fire.
- There is a risk of injury from sharp edges or breakage of the tool if handled incorrectly.
- Avoid direct skin contact with sharp edges or drill dust.
- Read and follow user instructions thoroughly before use; read and understand the product manual before use.
