Article Numbers: 727409, 727405

Safety Instructions:

- Observe a high clamping force of up to 12000 N and do not use the clamp beyond its load limit to avoid breakage or failure.
- Do not exceed a tightening torque of 40 N.m.
- Caution with improper use due to the stability of the product.
- With heat-resistant special pressure plate, does not overheat.
- Careful handling required to avoid injury.
- Before use, ensure that the clamp is correctly and securely fastened to the work surface.
- Wear safety goggles to protect your eyes from falling objects.
- Do not work directly on electrical components or near power lines to minimise the risk of electric shock.
- Keep children away from the clamp and its components to avoid injury.
