Safety Instructions:

- Ensure that the fixing screws used comply with the safety requirements and make sure that all screws are tightened firmly during installation to ensure safe use.
- The standard turntable should be checked for visible damage or defects before use.
- Wear suitable protective equipment, such as gloves and safety goggles, when handling the standard turntable.
- Users should read and follow the installation and operating instructions carefully and must receive instructions on how to use and install the product safely.
- Protect the product from improper use and heavy physical loads and do not load it beyond its maximum load capacity.
- Ensure that the turntable does not come loose or move in an uncontrolled manner during operation.
- Avoid direct skin contact with moving parts to prevent injury.
