Safety Instructions:

- Risk of suffocation due to improper use, especially when adjusting the height of the armrests or the seat.
- Risk of injury if the product is installed or used incorrectly.
- Risk of falling if the product is not securely positioned on the floor. Avoid use on uneven or unstable floors.
- Only use the product on suitable floor types (e.g. soft or hard floors in accordance with the intended castors).
- Follow the recommended sitting time of up to 8 hours to avoid health problems.
- Ensure proper care of the fabric cover to ensure safety and longevity. Clean the fabric cover according to the care instructions to prevent wear and tear.
- To avoid injury, assemble and use the office chair in accordance with the operating instructions.
- Avoid overloading the chair beyond the specified weight limits.
- Use the height adjustment to ensure an ergonomically correct sitting position and keep your arms on the armrests to avoid tension.
- Regularly check the stability of the base and castors.
