Safety Instructions:

- Take care when lifting heavy drawers (max. 200 kg).
- Only use the drawer cabinet for its intended purpose, not for applications other than storage.
- Secure drawers against tipping when pulling them out completely.
- Do not overload drawers; observe maximum load: 75 kg or 200 kg per drawer.
- Watch out for body parts before closing drawers to avoid crushing.
- For regular use in workshops, check for damage or wear.
- Place the cabinet on a stable, level surface to prevent it from tipping over.
- Use a central lock to prevent unauthorised access.
- Lock the drawer cabinet when not in use.
- Protect from the weather outdoors; only suitable for indoor use.
- Serious injuries can occur if the cabinet tips over; always mount it stably and firmly.
- Use safely to avoid crushing or injury.
- Drawers can jam or fall out if overloaded.
- Avoid aggressive cleaning agents so as not to damage the surface.
- Check for damage before use.
- Protect the cabinet from extreme temperatures.
