Safety Instructions:

- Make sure that the table is placed on a level surface to prevent it from tipping over.
- Regularly check the stability and all connections to ensure that the table is safe to use.
- Observe the maximum load capacity of 30 kg to avoid overloading.
- Ensure that fingers cannot be trapped when adjusting the height.
- Always apply the brake rollers before use to prevent unintentional rolling away.
- Check the brake rollers regularly to ensure the stability of the table.
- Do not tilt the table more than 10° to avoid tipping over or other damage.
- There is a risk of injury if used incorrectly.
- Keep the table away from children to prevent injuries from falling.
