Article Numbers: 310676, 310675

Safety Instructions:

- Ensure that heavy objects are stored safely to prevent injuries. Avoid overloading the shelves, the permissible load per shelf is 50 kg.
- The doors must be closed gently to prevent crushing.
- Keep the cabinet in an upright position to avoid the risk of it tipping over. Ensure that no heavy objects are placed on the upper shelves.
- Children should not hide in the cupboard or get too close to it. Make sure that small children do not have unauthorised access, as the cupboard is intended for storing office materials.
- Ensure that the cabinet is securely placed on the floor and does not wobble before use.
- The doors of the cupboard are fitted with a rotary bolt lock, use this to secure the cupboard contents.
- Keep the cabinet away from sources of water and moisture during use to prevent corrosion of the material.
